

SECRET

Journal - Office of Legislative Counsel
Friday - 17 September 1963

Page 3

10. (Confidential - LLM) Talked with Mr. Herbert N. Jasper, Office of Legislative Reference, BOB, and obtained a progress report on our proposed legislation and he said they farmed out to Civil Service Commission on an expedite basis and that he would give us a call if any problem developed.

11. (Confidential - JGO) After confirmation from the Director, completed arrangements started earlier in the day with Representative Barber B. Conable (R., N.Y.) for the combined S.O.S. and C.&M. breakfast group members to meet with the Director for breakfast Wednesday morning at 8:00. As many of the members have visited the Agency in the past, it was suggested by several who were contacted during the afternoon by Mr. Conable that a briefing on an area or problem of current interest, if possible, would be of great interest to the members.

12. (Secret - JSW) Delivered to Mr. William Dardon, Senate Armed Services Committee, as a follow-up item of the briefing earlier this week of the Russell Subcommittee, a SECRET paper entitled "Economic Effects of US/GVN Air Strikes Against North Vietnam."

13. (Secret - JSW) Talked to Senator Karl Mundt and exhibited to him a copy of the letter to the DCI from J. Edgar Hoover dated 7 September regarding the Consular Convention. Senator Mundt was appreciative and added that he did not think this helped a great deal. Senator Mundt discussed the problem of newspaper attacks and the effect this has on members. It appeared to be his view that the members of the CIA Subcommittee should make some statement to nullify the effect of these derogatory articles.

14. (Secret - JSW) Talked with Mr. Robert Michaels, House Appropriations Committee staff, late in the day who indicated we would have to cancel the proposed meeting on the supplemental budget scheduled for ten o'clock on Monday. Hopefully, he would like to set it for Tuesday but will be in contact with us on this later.
